

Sedalia Evening Democrat

NEW SERIES.

SEDALIA, MISSOURI, TUESDAY AUGUST 16, 1902.

PRICE, FIVE CENTS.

THE SECOND DAY.

THE EXHIBIT HALLS RECEIVING MANY ADDITIONS.

The Stock Show this morning and the Awards—Perfect Weather for the Races—Notes.

The second day of the fair was one of even more pleasure than yesterday. The sky was cloudless and the air pure and cool, lending an additional charm to the desire of going somewhere. As with all fairs, the arrangements and the countless details that arise at the last moment will be finished by to-morrow, at which time everything will be moving like clock-work. The different drives through the park grounds have been well sprinkled and the intolerable dust of yesterday has disappeared, giving a much desired freshness to the trees and the inviting lawns. Large barrels of ice water are located conveniently for the thirsty sight-seer, the dining halls are supplying at a moderate price everything that could be wished for by the hungry man.

The rat-a-tat-tat of the side show drum, the two-headed girl, the "horrible" vampire from unknown realms, the fakir's cigars that were never made to be smoked, the rainbow candy that fills one with remorse and a fear of immediate death, the lemonade that looks as if a country girl with a red dress had fallen into the barrel, these are novelties to curious children and a pleasant reminder of other days to the older folks when they became the miser for a month before fair time and had more fun for fifty cents than they can now have with as many dollars.

The track was thoroughly worked last night and this morning and made considerably firmer than yesterday.

The awards in the art and textile department will not be made until to-morrow as the exhibits are constantly coming in and the managers wish to have as full representation as possible. The fruits and cereals are much increased and look most inviting. For size and quality they could not be finer.

The art department has a very noticeable addition to-day, that of Miss Helen Brandon. A Grecian head in handsome brass, and a beautiful plaque of the same material are extremely well executed. An oil painting entitled the "Neapolitan Boy," and a Grecian maid which might well be called "Expectancy," receive many compliments.

The racing yesterday was first class. Each race had a sufficient number of entries to make it exciting and as there was good money offered for the winners, each driver did his best to pass under the wire first. The track was a trifle soft in places, but on the whole was in good condition. It was even better to-day and will continue to improve with each day's racing. A pair of field glasses are indispensable in distinguishing each individual horse and driver when they are passing the one-half mile post.

The first race to be trotted on the track was the 2:27 trot for a \$1,000 purse, three best in five to harness. Irene and Ciccone were favorites with many and it was thought that the latter would win in three straight heats, so well did he work in the first two. Irene surprised the crowd in third heat by taking first place, while Ciccone went off his feet and landed fourth. He was winner in the fourth heat, however. Below is the score:

Ciccone, b. g., R. Voorheis, Jerseyville, Ill. 1 4 1
Irene, br. m., Alex. Frazier, Kansas City 2 1 6
Mondace, b. g., W. T. Dickson, St. Louis 3 2 2
Hurly Burly, ch. s., E. Pyle, Syracuse, Neb. 2 8 6
Elmo Maid, b. m., A. A. Scott, Lima, Ohio 4 4 3
John L., b. g., Ed. Burke, 6 6 5
Susie B., b. m., D. Ames, Belton, Mo. 7 5 7
Kenneth, br. Rush Elmo, Kansas City 5 7 8
Time—2:24½; 2:22½; 2:24¼; 2:20; 2:18.

There were four starters in the yearling dash for \$500. Cliff Downing, a very spry young fellow, got away in good shape and won easily in 2:51 1-4. Lady Russell missed the flag and came second, Russell and Aytonetta being badly left.

The 2:35 pacing race, \$500 purse, had seven starters. Good work was expected from Pat

Murphy, but his backers kicked each other when he, together with Belle Simmonds, was shut out in the first heat. This was a thoroughly enjoyable race, the horses doing good work on the last half of each heat. Below are the positions and time:

John B., gg., A. D. Carson, Springfield, Mo. 1 2 1
Roseburg, br. s., J. S. Sanner, Wamago, Kas. 5 3 2
Lawnwood, g. s., R. E. Jones, Paola, Kas. 4 3 1
Maritana, b. g., Lew Hinkley, Lyons, Ind. 3 4 3
Laredo, br. s., John Bostick, Ft. Worth, Tex. 2 5 4
Pat Murphy, b. g., E. W. Graves, Taylorsville, Ky. 1 2 1
Belle Simmonds, b. m., McCormick L. & S. Co., Bowling Green, Mo. 4 3 1
Time—2:24¾; 2:27; 2:25½; 2:28½.

The judges were Hon. Walter F. Hayes, of Clinton, Iowa; H. C. Tindall, and J. M. Grant, of Oswego, Kas. The time keepers were Dr. T. E. White and L. L. Ilgenfritz, of this city.

Notes.

The photographers of the city have no display at all. Latour's annual magnificent exhibit is much missed and commented upon by those who have been accustomed to see his pictures during so many past years.

Talmage, a Dallas horse was sent against his time of 2:30 with a running mate. The first mile was in 2:37 and on making a second attempt he reached the wire in 2:35. He will doubtless be trotted again sometime during the week.

The Hydraulic Manufacturing Co. of Davis Bros., Chicago, is putting up an immense cider mill on the ground and will have it in operation to-morrow. A bountiful supply of apples are near by, and to-morrow the nut-brown beverage will be dispensed free of charge.

The Sedalia Stars and the Warrensburg Daily Stars played a match game on the old diamond with the score standing 21 to 16 in favor of Sedalia. The Sedalia battery was Swearingin and Shell, while Broyles and Steele did the work for Warrensburg. Cupen, Steele and Harrison made home runs.

Among the newspaper men from abroad who are reporting the races for their respective journals are: N. J. Lockland, jr., of the *Horseman*, Chicago, Ill.; A. J. Blake, of *Colman's Rural World*; E. E. Chrisman, of the *American Trotter*, Independence, Iowa; and E. F. Frost, of the *Kentucky Stock Farm*, Lexington, Ky.

A Costly Customer.

The merchants of Sedalia should be careful about accepting checks on outside banks from unknown persons.

The other day a young man representing himself to be T. W. Gains, of Saline county, called at a Sedalia store, purchased goods to the amount of \$4.75 and tendered a check on the Bank of Saline, Marshall, Mo., in payment.

The check was accepted and sent to the Bank of Saline where it was protested and sent back and the Sedalia merchant is out his goods and \$2.50 protest fees.

HON. JNO. T. HEARD.

THE GENIAL CONGRESSMAN ARRIVES HOME AGAIN.

He is Visited by a "Democrat" Representative—Talks About the Rally—Vest Expected.

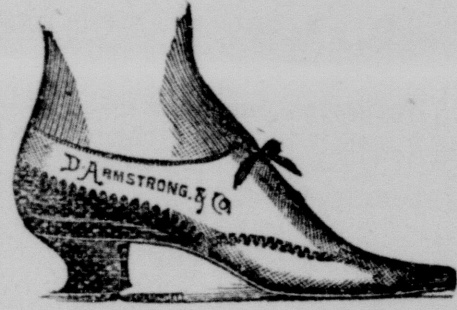

Hon. John T. Heard arrived home from Washington this morning. A reporter for the Democrat called upon the gentleman at his residence on West Broadway this afternoon and was cordially received by the genial congressman. Mr. Heard preceded home by his wife and her sister, Mrs. McCally, yesterday. He will remain in Sedalia till after the big rally on the 30th, when in company with his brother Col. Cliff Heard, formerly of this city, but now of Washington, he will go to the Rocky Mountains for a week or ten days. Mr. Heard has been suffering from catarrhal affection for the past three weeks, and it is to be hoped that the salubrious climate of the west will cause him to get rid of the trouble.

Speaking of the rally, Mr. Heard said: "I was very much gratified on reaching St. Louis to learn that General Stevenson will be with us. Some weeks ago I put myself in communication with him, but he at that time feared that he could not come to Missouri. I had almost resigned myself to disappointment when I learned that Messrs. Jackson and Salmon had secured his consent."

"How do you regard General Stevenson as a speaker?" "Well, sir, I have heard him a number of times and I think he is an orator of extraordinary ability. He presents a magnificent appearance, has wonderful personal magnetism, and added to this he is such a fine gentleman when considered

as a man, that you cannot fail to be captivated by him. Not only is Sedalia, but the entire state of Missouri, is to be congratulated over the good fortune that has attended the efforts to secure his presence here."

Mr. Heard received the following letter from the general on his arrival this morning:

BLOOMINGTON, ILL., Aug. 12, 1892.—HON. JOHN T. HEARD, SEDALIA, MO.—DEAR SIR: I write to say that I have accepted an invitation to speak in your city on the 30th of this month. I will be much gratified to see you at that time. When I wrote you before I did not think it would be possible for me to come but I have concluded to accept the kind invitation of yourself and the state committee.

Your friend,

A. E. STEVENSON.

Mr. Heard said that Senator Vest would arrive in Sedalia to-morrow morning. He furthermore stated that he thought it altogether likely that Hon. W. L. Wilson of Virginia and Mr. Bynum of Indiana would be here on the 30th.

Death of Mrs. Menefee.

Mrs. Anna C. Menefee, mother of John W. and Geo. C. Menefee, died this morning at the home of

her son, John W., on West Broadway. Deceased was born in Scott county, Kentucky, in 1806, and was in her eighty-seventh year. She moved to this state after her marriage and has lived near Lexington and Marshall until of late years. She has been a member of the Christian church since her girlhood. Her death was the result of old age. The place and date of the funeral has not been settled.

DOWN THE OSAGE.

Return of Three Well Known Sedalians Who Navigated That Classic Stream.

Bob Willett, George Menefee and George Wright, who left ten days ago on their annual outing in the Ozark section, returned home this morning. The boys canoed it down the Osage from Warsaw to Bagnell. Speaking of the curious things they came across they make mention of Linn Creek, Camden county, a town that has been compelled to change its location four times in the past few years; nor did it get out of a mile radius from the original site. Round about this place they say one may find all the antiquities peculiar to civilization fifty years ago. In the matter of scenery there are certain sections in that portion of the state, declared one of the boys, not equalled in grandeur or picturesqueness on the continent.

TYPHOID FEVER.

A Large Number of Cases at and Near Lamonte.

Rev. C. P. Brewer, of Lamonte, was in the city to-day and informed a DEMOCRAT reporter that there were a number of cases of typhoid and malarial fever in Lamonte and vicinity.

Dr. Penquite and Mr. Sam Hall are among those suffering with typhoid fever, and Drs. Conway and Walker are working night and day caring for the sick. Rev. Brewer says the protracted meeting now

IT'S A BEAUTY.

The Arch That Spans Ohio Street—Decorated Completed—The Rally.

The magnificent arch that spans Ohio street at the intersection of Main, had the finishing decoration touches put on last evening. Either pillar is draped with stars and stripes, while across the keystone is stretched canvas on which is painted a hearty welcome to every one to be present at the state democratic love-feast to be held in Sedalia August 30th. With General Stevenson's presence and a number of other speakers whose fame is hardly confined within the continent, and with one of the best committees that could have been selected to work the rally up, it is highly probable that the approaching celebration here will be the occasion of calling forth the biggest political gathering that has ever assembled in Central Missouri.

To Pertle Springs.

Some fifteen or twenty passengers from Monroe and Randolph counties passed through this morning enroute for Pertle Springs. Sam Jones will be there next week and an immense gathering is expected.

The EVENING DEMOCRAT.

"I would earnestly advise them for their good to order this paper to be punctually served up and to be looked upon as a part of the tea equipage."—ADDISON.

SPECIAL NOTICE.—Patrons of the EVENING DEMOCRAT will confer a favor upon the management by promptly reporting any irregularity in delivery or bad condition of paper from improper handling.

Just after the fair comes the camp-meeting, and then the big democratic rally. Sedalia is "in it" this month.

If the mugwump Star was sincere in its support of Cleveland it would cease sneering at Hill at least until after the election.

The north and south railroad would be worth millions to Sedalia and sixty thousand dollars is a small sum to invest in it.

The Kansas City Star is not "keeping in the middle of the road," but is doing its best to straddle the barbed wire fence of partisan politics.

The fair is a Sedalia enterprise and every Sedalian should help to make it a success. The attractions have been secured; the only thing needed is for the people to go and see them.

GOVERNOR BUCHANAN has announced that he will be an independent candidate for governor of Tennessee. He has been one of the most unpopular officials the state ever had.

COL. BOYD, of Pettis, secured the senatorial nomination at Marshall Monday. The republicans hoped by taking up Mr. Houston that the third party could be wheedled into indorsing him.

THE DEMOCRAT is glad to see the democrats of Pettis county organizing for the political battle that ends November 8th. By a little systematic work the party majority can be materially increased.

THE big rally here on the 30th will be the real opening of the state campaign. Hon. W. J. Stone will stand up for Missouri in the good, old, sincere, democratic way and Gen. Stevenson will discuss national issues.

SOME of the World's Fair direct ors are credited with saying that Congressman Blackburn, having opposed the appropriation, should resign as orator at the opening of the fair. If he had allowed his connec-

tion with the fair to have influenced his vote he should resign as congressman. But as he did his duty like a man he can get along without the World's Fair just as well as the World's Fair can without him. A request to him to resign for the reason indicated would, however, materially reduce the attendance and force the speculators to go to congress for another appropriation.

NEGRO FISHING CLUBS.

The negro voters in Springfield are tired of the treatment they have received at the hands of the republican managers, and a revolt is in progress.

Two years ago the colored voters concluded that it was necessary to give the white managers a lesson; accordingly they organized a "fishing club," the members of which failed to vote, thus defeating Wade for congress.

This year they expected better treatment than they had received before, but again they were disappointed, and now the revolt is worse than before, and large numbers of the negroes will refuse to vote the republican ticket.

Not alone is this true of Springfield. The revolt is in progress all over this and other states.

The negro has learned a lesson that he will profit by, and that is that no favors will be given him as long as he is the political slave of a gang of office seekers. He must make the best of his situation, and in politics as well as in business look out for his own interest.

In many cities and counties where the negro has it in his power to defeat those who have deceived him so long and so cruelly, that power will be used this fall, and "fishing clubs" will be more popular than they have ever been before.

THE CHURCH MILITANT.

The oft repeated claim made by disbelievers in Christianity that religious sentiment in America is on the decline is quite emphatically discredited by the preliminary figures of the church statistics of the eleventh census, says the Star. Tables submitted by Superintendent Porter show that the total number of church edifices in the United States in 1850 was 38,183, representing a valuation of \$87,446,371.

In 1890 there were 142,256 houses of worship in America, valued at \$631,201,303. The total church membership in the country to-day is about twenty-eight millions, a body of communicants aggregating considerably more than one-third of the entire population. These figures, which bear the stamp of official authenticity, reveal an enormous growth among the churches, both as to numerical force and equipment for the spread of the gospel.

In the work of winning converts to Christianity the most notable progress has been made by the Catholic and Methodist churches, both of which continue to recruit their forces very largely from the common people. This policy has given a tremendous impetus to these two denominations, which go out into the by-ways and hedges and compel guests to come into the gospel feast. The lesson of this experiment has not been lost upon other denominations formerly of a more exclusive type, and the result has been to broaden and liberalize all of the churches, and to inspire a more general concern among them for the rescue of that large element which stands in particular need of those moral helps which it is the essential object of the church to supply.

A significant disclosure is the fact that the vast bulk of the church membership of the United States is distributed among a half-dozen leading denominations. There are in the country 150 separate and distinct church organizations, but, with the exception of the Lutherans and Congregationalists, all of these smaller societies combined do not show a valuation of church property equal to that of any one of the prominent organizations. So, with all of minor divisions caused by a diversity of view as to creeds and dogmas, the general tendency seems to be in the direction of centralization and a growing spirit of co-operation and harmony between the more powerful and influential religious bodies.

The testimony furnished by Superintendent Porter does not weaken the claim that the spirit of sec-

tarian prejudice which was rife among the churches forty years ago is showing grateful signs of speedy diminution, and the adherents of Christianity, while they have not abated one jot or tittle of their allegiance to the essential principles of the system laid down by the Great Teacher, have come to place little stress on dogmas which tend to retard rather than promote the true aim of the church. But this by no means argues a decadence of genuine religious sentiment. It reveals, rather, a more intelligent appreciation of the vast scope of the Christian plan, which is not only to enlighten the conscience and to set up an exalted moral standard, but likewise to establish the principle of human brotherhood, and to reflect in human conduct the virtues and the idea of mutual helpfulness which the religion of Jesus enjoins. The churches are coming more and more to this view of the matter, and the great vitality of which they give proof is the natural sequence of their growing adaptability to the needs of humanity.

The Gazette evidently expects to see the democratic rally far surpass the republican demonstration and is already sore and ungently about it. Such suggestions as a "dummy covered with moss from the jungles of Flat creek in imitation of the average Missouri moss-back." And that the Younger boys "would be here to meet 'Gen.' Stevenson were it not that business detains them in Minnesota" are but evidences of the Gazette's painful expectations and a manifestation of its real opinions of democrats. The rally will be held, however, without the help of either convicts, dummies or the Gazette. At the same time it is interesting to the intelligent democrats of Sedalia to know just who the talented editor of the Gazette thinks should take part in the rally.

The storage battery system of operating street cars seems to have proven perfectly satisfactory in Milford, Mass., where it has been in operation for a year without a single failure or breakdown, says the Detroit Free Press. The operators claim that they have a car now which, when completely equipped with storage batteries, is lighter by a ton than a trolley car of the same passenger capacity, and that it runs without any of the noise which accompanies the operation of the trolley. As to its superiority in the matter of safety to human life and in not obstructing the street there is no room for question.

The progressive citizens of Sedalia should take hold of the proposition of the managers of the Springfield, Sedalia, Marshall & Northern railroad at once. Let Pettis be the first county to raise the amount required and thus encourage sister counties to push the matter. The few thousands asked for will bring Pettis county millions of dollars in a few years.

The Kansas City Star should remember that in no sense is Mr. Warner's record any better than that of President Harrison. Neither is the record of Mr. Cleveland any better than that of Mr. Stone. If Cleveland carries Missouri Stone will be the next governor.

THE Butler Union thinks Mr. Leonard has a better chance to be governor than either Col. Stone or Maj. Warner. The DEMOCRAT cannot think so, but is ready to admit that Leonard's chance is as good as Warner's. There is no difference in impossibilities.

THE St. Louis Chronicle thinks the third party is going to cut a wide swath in Missouri politics this fall. All of which goes to show that the Chronicle keeps constantly in the "middle of the road" without being able to see what is going on on either side.

MESSRS. HASTAIN and Pinkham are going to have a right lively contest for second place in the three-cornered congressional race, but neither of them will be in hailing distance of Mr. Heard when he goes under the wire a winner as usual.

THE cattle feeders in the vicinity of Slater are shipping in cotton seed meal by the car load and say it is cheaper feed than corn at \$2 per

barrel. Just think of it, shipping cattle feed to Missouri from the south.

THE Gazette is doubtless aware that the republican Bald Knobbers now in the Missouri penitentiary belonged to an organization that committed crimes that would have shamed any member of the Younger boys' gang, and yet no one thought of coupling the names of these criminals with that of Warner at the republican rally. No one with any idea of decency will stoop to the infamy of offering such insults to honorable men of any political party. Sensible people know that there are good men and bad men in all political parties. Neither the Younger boys nor the Bald Knobbers, however, have shown the total depravity that the Gazette has given evidence of during the last twelve months.

REPUBLICAN TRICK EXPLODED.

Lutherans Denounce a Circular Which Was About to be Sprung in Illinois.

The Pope county, Illinois Times, the local democratic paper, publishes the following:

"The Lutheran minister of Golconda recently received a letter from the Lutheran committee on school legislation at Chicago and thinks it to be useful to publish its contents. They write as follows:

"DEAR SIR—We have been informed that a number of Lutheran republicans, persuaded by the leaders of the republican party, are ready to circulate a letter in which they declare that they had been misled by the Lutheran school committee concerning the school question. They will try to present and describe the school committee as a fanatic democratic crowd which blindly, without judgment, works for the democratic party. They will declare that they had broken entirely with the school committee and will invite all Lutherans not only to vote the whole republican ticket, but even to work for it. The circulation of such a letter is nothing but a political trap, and the authors of it are by no means representative Lutherans—they are politicians blind to the interests of the Lutheran people and care neither for the truth nor their church. The Lutheran church, as a body sticks to what has been published by the committee on May 6. Yours truly, LUTHERAN SCHOOL COMMITTEE.

"All true Lutherans will therefore not pay attention to said circular, neither will they listen to what other republicans speak about the 'good intentions' of Joe Fifer and the other republican managers concerning the school question, but they will vote for the party which has kept and will keep the pledges to them—the democratic party.

To Summer Tourists.

The season is at hand when the man of affairs, the man who, through the long winter months, has devoted his best energies to the tasks and problems of the counting room, the office, the pulpit, or legislative halls; when the matron and the maid, wearied of the long season of social gaiety or confinement in the school or lecture room, betake themselves to the sea shore, the mountains, the country or the springs, in search of pleasure and rest. The Missouri, Kansas and Texas railway has placed on sale summer tourist tickets at very low rates, with long transit limits, good to return until October 1st or 15th. Every variety of amusements and the most picturesque of surroundings are thus placed within the reach of all. AMUSEMENTS.

The Minstrels Last Night.

In all probability there was never before a minstrel show in Sedalia that gave more general satisfaction than did the peerless burnt-cork troubadours of Primrose & West at Wood's opera house last night. At the first rise of the curtain there was a glitter and novel beauty of costume and a strong array of talent that immediately caused one to settle back in his seat with the feeling that something good was in store for him. Nor was there any disappointment last evening. Every feature presented was clean, bright and well staged. The singers were of unusual strength. Billy Van is a circus in himself, and is ably assisted by Larry Dooley and George Primrose. Musical Dale and Morris Cronin, the club swinger, are unequalled in the line; Abachi and Masan were two brilliant gymnasts, as also were Johnston, Riano and Bentley in the "Moneys and the Farmer."

Spooner Comedy Company.

On next Tuesday evening the Spooner comedy company will open at Wood's opera house for five nights, in a repertoire of standard comedies and dramas, written especially for this company by J. A. Frazier, jr. The opening bill will be "Inez," a Mexican romance depicting scenes and incidents during the time of Maximilian. The comedy element is furnished by B. S. Spooner, who interprets the character of Silas Grit, a Yankee bounty jumper. During the performance the two little stars, Miss Edna May and little Cecil Spooner, will introduce a number of the latest specialties.

PREMIER GLADSTONE

The Aged Statesman Kisses the

Hand of the Queen.

TRIP FROM LONDON TO OSBORNE.

Gladstone Accorded the Royal Yacht

Lord Salisbury Announces His Retirement—The Daily News Gives the

Supposed Cabinet.

LONDON, Aug. 16.—Mr. Gladstone, accom-

panied by Sir Algernon Edward

West, left Carleton Gardens at noon yester-

day for Osborne house, Isle of Wight,

to lay before her majesty the names of

those who comprise his cabinet and to

carry out the old custom of kissing the

hand of the sovereign.

Entering his carriage he was at once

driven to Waterloo station, where a

small crowd, including a few notable

men, had gathered to see him. Mr.

Gladstone took his seat in a first-class

saloon car, and then he extracted a

tuberos from a small box and care-

fully pinned it in a buttonhole of his

coat. As the train pulled out of the

station the crowd cheered, and Mr.

Gladstone responded by lifting his hat

and bowing.

When the train on which Mr. Glad-

stone traveled reached Portsmouth,

where the steamer is taken for the Isle

of Wight, he received an ovation from

the crowd which had gathered to re-

ceive him. Mr. Gladstone did not travel

across in the usual passenger steamer.

The royal yacht was awaiting his com-

ing at Portsmouth, and he proceeded on

board direct from the train. Shortly

afterward she steamed out for the Isle

of Wight.

As Mr. Gladstone was crossing the

dock yard at Portsmouth on his way to

the royal jetty, where the royal yacht

waited for him, hundreds of artisans

employed in the yard stopped work and

followed his carriage, according him a

rousing ovation. On the arrival of the

yacht at East Cowes, Isle of Wight,

where Mr. Gladstone came ashore, he

was greeted by a crowd composed of

most of the inhabitants of the place,

augmented by 500 enthusiastic citizens

from West Cowes, who had crossed the

river by steam ferry in order to partic-

ipate in giving the liberal leader a

rousing reception.

After coming ashore Mr. Gladstone

entered a royal carriage which was

waiting for him and rode forthwith to

Osborne house. On his arrival at the

palace Sir Ponsonby, the queen's pri-

vate secretary, received him at the en-

trance and conducted him to the apart-

ments prepared for him. After Mr.

Gladstone had partaken of luncheon the

queen gave him an audience and he

kissed her hand in accordance with the

established usage. On his appointment

as first lord of the treasury Mr. Glad-

stone submitted the names of the mem-

bers of his cabinet.

The queen's dinner guests at Osborne

house last night included, besides Mr.

Gladstone, the prince of Wales, the

duke of Connaught, Prince Henry of

Battenburg and the earl of Duce. Mr.

Gladstone will leave Osborne house this

morning.

In the house of lords Lord Salisbury

formally announced that in conse-

quence of the vote in the house of com-

mons on Mr. Asquith's no confidence

amendment to the address in reply to

the queen's speech, the government had

tendered its resignation to the queen

and that her majesty had accepted it.

After making this announcement Lord

Salisbury asked the intentions of the

incoming ministry. The earl of Kim-

berly replied that he was sorry that he

was unable to give Lord Salisbury any

information. The earl added that he

was not yet a minister. He could say

nothing until he had consulted his col-

leagues. The house adjourned until

Thursday.

The Daily News, while acknowledg-

ing that no authentic news of the com-

position of the new cabinet can be ob-

tained before Mr. Gladstone's return

from Osborne house, gives the follow-

ing list which, it says, is correct prob-

ably in every particular: Premier and

first lord of the treasury, W. E. Glad-

stone; lord chancellor, Lord Herschell;

chancellor of the exchequer, Sir Wil-

liam Harcourt; foreign office, earl of

Roschester; home office, M. H. Asquith;

war office, Campbell Bannerman; ad-

miralty, Earl Spencer; chief secretary

for Ireland, John Morley; president of

the board of trade, A. J. Mundella; local

government board, Henry Fowler.

Salt Workers Strike.

HUTCHINSON, Kan., Aug. 16.—Seven-

ty-five men employed as scrapers at the

salt works have struck and more of

them will go out. The men claim that

they have for years been working

twelve hours a day for \$1.50 per day

when by the laws of the state ten hours

is a day's work. They demand 15 cents

an hour for the extra two hours. R. R.

Price, president of the Kansas Salt Co.,

said in substance if the company has to

pay \$1.80 per day it will make the cost

of salt so high it would have to shut

down the plants. He said they were

selling about one-half the salt manu-

factured at less than cost.

A Deadlock Broken.

OLATHE, Kan., Aug. 16.—The repub-

lican senatorial deadlock was broken

yesterday afternoon by the nomination

of Hon. J. W. Parker, of this city. He

was nominated on the eighty-third bal-

lot. The contest was between Hon. Nich

Reitz, of this county, and Capt. John C.

Collins, of Paola. Forty-two ballots

were taken last Saturday, when the

convention adjourned until Monday. Mr.

Reitz withdrew after the seventy-first

ballot and Mr. Parker was placed in

nomination. Capt. Collins withdrew on

the eighty-third ballot and Mr. Park-

er's nomination was made unanimous.

Gaugers Retired.

KANSAS CITY, Mo., Aug. 16.—Here-

after gaugers will not have to bother

with rectifying houses. Gen. Devol re-

ceived instructions some time ago that

after the close of business on Saturday,

12th inst., gaugers would be done

away with at rectifying houses, accord-

ing to the act of congress of July 16.

MYSTIC SHRINERS.

Illustrious Potentate Briggs Reviews a

Parade of Three Thousand Nobles.

OMAHA, Neb., Aug. 16.—Three thou-

sand Nobles, with gleaming lances and

brilliant apparel, on foot, in carriages

and on horseback, gaily caparisoned camels,

wended their way through the oasis of

Omaha last evening. The caravan was

a magnificent spectacle, and as it wound

around the trail leading from the temple

through the haunts of the traders it

was greeted with a grand display of

bunting, illumined with pyrotechnics.

Twenty thousand people gathered

along the line of march and witnessed

the grand parade of the Ancient Ara-

bic Order of the Mystic Shrine, now as-

sembled in Omaha in imperial council.

The parade started at 8:30 p. m., and

after marching until 9 o'clock it dis-

banded on Farnum street, after having

been reviewed by Illustrious Potentate

Briggs from the Paxton balcony. Then

came a grand reception to the Nobles

and their ladies, at which they were

welcomed by Mayor Bemis and given

the key and the freedom of the city.

The rooms of the temples represented

here were crowded with nobles all day

and far into the night and there was

music to beguile the senses and revive

memories of other days. The water

The Old Timers are not in It

While at our other store at Big Island, Va., last April, I was taken with a very severe attack of diarrhoea. I never had it worse in my life. I tried several old-time remedies, such as Blackberry Wine, Paragoric and Laudanum, without getting any relief. My attention was then called to Chamberlain's Colic, Cholera and Diarrhoea Remedy by Mr. R. C. Tinsley who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved.—O. G. BURFORD, Harris Creek, Amherst Co., Va. For sale by Aug. Cheap Homes for Millions.

In order to meet the constantly growing demands which come from every quarter of the north, east and west, for reduced rates, to enable the farmer, the emigrant and the capitalist to visit the southwest, and particularly Texas, the Missouri, Kansas and Texas railway have determined to sell tickets on August 30th, September 27th and October 25th, from points in the north, east and west to all points in the state of Texas, at the extremely low rate of *One Fare for the Round Trip*, good to return 20 days from date of sale. The reports which come from Texas of the prodigious prospective yields in the crops for the present season, as well as those for several previous years, together with the severity of the winters in the northern and western states for several years past, will induce many to locate on the sun-kissed prairies of this favored land during the coming fall. Now is your opportunity, grasp it while it is yet within your reach.

A Woman's Perfect Figure.

From the New York World.

If a woman cares to see how nearly perfect her figure is let her compare her own measurement with the following:

Her height should be exactly equal to the distance between the tips of the middle fingers of either hand when the arms are fully extended.

Ten times the length of the hand or seven and a half times the length of the foot or five times the diameter of the chest, from one arm pit to the other, should also give the height of the whole body.

ROAD CONVENTION.

Nearly Every County in the State to be Represented at Chillicothe To-Day.

Mr. Thomas Stanley, Judges Conway and Ferguson left for Chillicothe to-day to represent Pettis county at the state road convention which meets there to-day. The convention which will be in session two days, promises to be the biggest of any yet held in Missouri of the kind. Reports have been received at headquarters which go to show that nearly every county in the commonwealth will send delegates; in which case the number in attendance will be unusually large.

The most elaborate exhibition of machinery designed for the improvement of public highways will be made, and speeches by the best advocates of road improvements will be delivered. Among the speakers are several from New York, who have made the subject of road improvement a life study. Never before has such wide-spread attention been attracted by this important question, a fact that goes to show the people are beginning to realize that the improvement of public highways means economy in the end, and general prosperity. The eyes of the entire State will be directed on the convention at Chillicothe for the next two days.

A FRIGHTFUL SCOURGE.

Cholera Victims During at the Rate of Hundreds a Day.

SIMLA, Aug. 16.—In consequence of the dread prevailing in Teheran over the invasion of cholera, the shah has taken up his residence at a camp at Elburz, twenty-four miles from Teheran.

In the city there is an alarming increase in the number of cholera cases reported daily. Every day the deaths average 300. A few days ago the average number of deaths was sixty. The American Protestant missionaries have many cholera patients in their hospital. They are doing incalculable good. All the railway and tramway traffic has stopped and the bazars have been closed. Nearly all the residents who have been able to go have fled the city. Almost all the victims of the disease are from the lower classes.

At Tabriz, the capital of the province of Azorbaijan, cholera is raging with the most fatal effect. The city contains about 175,000 inhabitants, and they are dying at a fearful rate. Every day the deaths amount to several hundreds, and the disease shows no signs of diminution in its violence.

Young Democracy.

A HAPPY SURPRISE

Sprung on Prof. Friemel and Wife Last Evening—Their Twentieth Marriage Anniversary.

Prof. L. E. Friemel and wife were treated to quite an agreeable surprise last night by a number of friends. Yesterday was the occasion of their twentieth marriage anniversary and the event, as they themselves had intended doing, was not permitted by friends to pass by uncelebrated.

Having through mere accident learned that the professor and his estimable wife were going to ignore their china wedding, some forty or fifty friends got together last evening, secured a number of appropriate presents, provided for refreshments, assembled the Sedalia military band and then repaired to Harmonie hall, where arrangements were made to spring the surprise.

Dr. Meuhl and Judge Rauck were appointed to break the news. Accordingly they secured a carriage about 8:30 and visited the couple at their home, telling them that they were wanted at the hall. Arriving there, the surprise of the twain can be imagined at the scenes that met their bewildered eyes. Suffice it to say that when they had become accustomed to their surroundings, a glorious good time was enjoyed.

Perhaps the most valuable present was that presented by the Harmonie and Turner Verein—an elegant china set.

BACKS HIS JUDGMENT.

Mike McGrath Wants to Figure on the Governorship.

From the Republic.

Of the 115 counties in Missouri I will name 75 counties which I believe Stone will carry for governor. He who accepts this proposition is to name 50 counties of the 115 which he thinks Warner will or should carry for governor. For each and every county of the 75 counties named by me that Stone does not carry he is to get a credit and I am to account for \$25 to him. For each and every county of the fifty named by him not carried by Warner I am to get a credit and he is to account for \$25 to me. The excess of one credit over the other is the winnings and is paid to him having the higher credit by him having the lesser credit. I have no objection, and will include in the seventy-five counties named by me the county of Jackson and the city of St. Louis.

A GIRL FIEND.

Placed Dynamite in the House to Blow Up Her Brother and Sister.

HUDSON, Mich., Aug. 16.—Jennie Tabor, of this place, who was arrested here because her younger brother discovered twenty dynamite cartridges concealed about the house, has made a startling confession. She said she was going to blow up the house together with her brother and sister to secure the whole of her dead father's \$5,000 estate.

She says that she was instigated by her lover, William Meyers, who also recently compelled her to go with him and rob George Goodwin's residence and with the money they got buy dynamite cartridges. The officers, however, are satisfied that Meyers is innocent.

Ernest—"He didn't say anything at all."

Ethel—"Didn't you ask him?"

Ernest—"I said: 'Sir, I wish to marry your daughter. Have I your consent?' and he turned and looked at me for a minute, then he began to turn red in the face, and then he grabbed me and threw me over the banisters and before I could ask him again he had slammed his door and locked it."
